

**Report on “PRAKRUTHI SEVA” (Planting of saplings)**

The Eco club of MVJ college of Engineering on the occasion of WORLD’S EARTH DAY on 22nd April have taken an initiative of plant about 50 saplings through our 30 volunteers in the vicinity of their residence. We ensure to plant in a suitable place and take care throughout. Saplings were provided to the students who filled undertaking form and they assured to take care of them by nurturing them. In deed the program received an overwhelming response with every member motivated to do something good for Mother Earth.
